EDUCATION

Massachusetts Institute of Technology (MIT)

May 2028

Bachelor of Science in Artificial Intelligence and Decision Making

Cambridge, MA

GPA: 4.5/5.0

Relevant Coursework: Intro to Computational Thinking and Data Science, Fundamentals of Programming, Math for Computer Science, Linear Algebra, Intro to Algorithms, Learning Media and Technology, The Law of Artificial Intelligence and Big Data, Intro Machine Learning

SKILLS

Programming Languages: Python, Java

AI: LLM integration, Prompt engineering

TECHNICAL EXPERIENCE

MIT FutureTech Computer Science and Artificial Intelligence Laboratory (CSAIL)

Feb 2025 – Present

Undergraduate Research Assistant

Cambridge, MA

- Built a comprehensive database to assist in analyzing and synthesizing the use of artificial intelligence in scientific research
- Prompt-engineered LLMs to extract verb-task information from multi-sentence inputs
- Conducted literature reviews by synthesizing research across key topic areas
- Review literature, collect data, and organize projects
- Acknowledgment in paper: “The Shrinking Lifespan of LLMs in Science”, arXiv, 2026, “Four Facts About U.S.-China AI Competition in Science”, SSRN, 2026, and “The Rapid Growth of AI Foundation Model Usage in Science”, arXiv, 2025

HackMIT

Sept 2025

Hacker

Cambridge, MA

- Built a web app that uses AI to extract an evidence-backed skill profile from resumes, research papers, and projects, while capturing user interests and preferences
- Prompt-engineered and integrated a pre-existing AI agent to match skills and preferences to job postings, returning ranked recommendations with percentage scores for preference similarity and skills fit

LEADERSHIP EXPERIENCE

DanceTroupe

Feb 2025 – Present

Choreographer & Dancer

Cambridge, MA

- Choreographed and taught original routines to a group of dancers
- Led and coordinated rehearsals, including formations and group timing
- Provided instruction and feedback to support individual growth and group performance quality
- Strengthened team cohesion through organized social and bonding events

Pool Watch INC.

Summers of May 2022 – Sept 2024

Pool Manager & Watcher

Prospect Heights, IL

- Supervised pool by maintaining proper chemical levels, upholding safety rules and standards, and monitoring pool attendees' safety
- Trained and managed other employees
- Maintained consistent, conflict-free schedules for a multi-employee team
